A sketch book, showing evidence of powers of observation, a facility for drawing, and an interest in design and in the built environment, will be a great asset. You may bring A Level coursework, and/or work and designs you have produced independently to demonstrate the things and ideas that interest you.

#### Pre-interview task on the day of interview

There will be a 1 hour test where you will be given half an hour to make some sketches in the College, and half an hour to write a short piece in answer to a general question. You do not need to prepare specially for either of these tasks. The aim is simply to see that you enjoy drawing, like observing the environment around you and that you are able to develop an idea or argument in writing. We will provide you with A3 paper and a couple of pencils but please feel free to bring your own materials ie. paper, pencils, pens.
